RE: Quarterly Report on the Status of All Funding Awarded and Administered by the Kentucky Infrastructure Authority Pursuant to KRS 224A.320 & KRS 224A.322

Dear Senator McDaniel, Representative Petrie, and Members of the Interim Joint Committee on Appropriations and Revenue:

House Bill 563 (2024 Regular Session) created the Kentucky Water and Wastewater Assistance for Troubled or Economically Restrained Systems (Kentucky WWATERS) Program. Administered by the Kentucky Infrastructure Authority (KIA), the program provides a funding application and evaluation process for eligible public water and wastewater systems to seek funding from the General Assembly. House Joint Resolution 30 (2025 Regular Session) authorized the release of funding for 34 Kentucky WWATERS projects as selected by the General Assembly.

As required by KRS 224A.320(2)(g), a report of all funding awarded and administered pursuant to KRS 224A.320 and KRS 224A.322 is attached. As of September 30, 2025, Assistance Agreements have been sent to grantees for 26 of the 34 projects. Assistance Agreements for the remaining eight projects will be sent once the grantees submit the required documentation to KIA. No funds have been drawn on any of the projects as of the date of the report.

Sincerely,

A handwritten signature in blue ink that reads "Sandy Williams".

Sandy Williams
Executive Director
