I. PROCEEDINGS

Chairman Matt Sawyers called the meeting of the Kentucky Infrastructure Authority (KIA) Board to order. He noted that the media advisory had been distributed. He confirmed a quorum was present.

A. BUSINESS (Board Action Required)

1. APPROVAL OF MINUTES

For: KIA Regular Board Meeting of July 11, 2024

Ms. Linda Bridwell moved to approve the minutes of the July 11, 2024, regularly scheduled meeting. Mr. Bob Amato seconded, and the motion carried unanimously.

B. NEW PROJECTS/ACTION ITEMS (Board Action Required)

1. A RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING ISSUANCE OF A CONDITIONAL COMMITMENT FOR A FEDERALLY ASSISTED CLEAN WATER REVOLVING FUND LOAN (A24-001) FOR AN AMOUNT UP TO \$6,372,500 TO THE CITY OF LEBANON, MARION COUNTY, KENTUCKY

Mr. Jory Becker, DOW, and Mr. John Brady, KIA, discussed the City of Lebanon's request for a Fund A loan in the amount of \$6,372,500 for the 2022 Wastewater System Improvements project. The project includes upgrades and equipment replacement at the Wastewater Treatment Plant (WWTP) that will increase capacity from 3.75 million gallons per day (mgd) to 4.5 mgd.

Improvements at the WWTP include a grit removal system, two new and two refurbished energy efficient influent pumps, repairs to the existing oxidation ditch, and associated electrical components. The project also consists of extending the gravity main in the Rosewood subdivision, rehabilitation of a pump station, replacing gravity sewer and manholes identified in an ongoing study by the City, and increasing the force main near Walmart from 6" to 8". The overall project will provide the necessary capacity for the system and reduce storm sewer overflows.

The City currently serves 1,944 residential customers and 542 commercial and industrial customers.

Ms. Linda Bridwell asked if the City had provided growth projects to the Division of Water. She noted that years ago, utilities were coming in requesting funding to expand their treatment plants and many of those projects that anticipated growth, did not see that come to fruition. City officials noted that there had been significant growth in their industrial customers the last few years, including two distilleries that have connected to the system, which would require the additional capacity. Most of the project is for renovation, a third is for the expansion.

Mayor Bruce Fraley made the motion to approve Fund A loan, A24-001, to the City of Lebanon for an amount up to \$6,372,500 with the standard conditions and the following special condition: The City will pass a resolution demonstrating their intention to increase revenues as necessary to maintain KIA's required 1.1 debt coverage ratio. KIA staff review indicates that service revenues will need to increase approximately \$230,000, or 12%, by FY2027 to meet the loan requirement. Mr. Shaun Youravich seconded, and the motion passed unanimously.

2. A RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING ISSUANCE OF A CONDITIONAL COMMITMENT FOR A FEDERALLY ASSISTED CLEAN WATER REVOLVING FUND LOAN (A24-023) FOR AN AMOUNT UP TO \$15,366,000 TO THE PADUCAH MCCRACKEN COUNTY JOINT SEWER AGENCY, MCCRACKEN COUNTY, KENTUCKY

Mr. Jory Becker, DOW, and Mr. John Brady, KIA, discussed the Paducah McCracken County Joint Sewer Agency's (Paducah JSA) request for a Fund A loan in the amount of \$15,366,000 for the

Long-Term Control Plan (LTCP) Project 3 Phase 2 project. The project is associated with the Outfall 003 located adjacent to the Paducah Wastewater Treatment Plant and will be constructed next to the recently completed 15 MG combined sewer wet weather tank and diversion structure and pump station. This portion of the project will complete installation of the remaining pumps not installed in phase 1 and construct the 56-inch force main to a fine screening facility with two 45 MGD fine screens and related appurtenances. In addition, this phase will also construct a 72-inch gravity line, with capability to serve a future disinfection facility (Project #5 of the LTCP) that will extend through the City of Paducah floodwall and join with the existing Outfall 003 discharge location outside of the floodwall. The construction of this discharge line will also augment the existing floodwall pumping capacity for this area of the City by approximately 20%, as well as reducing contamination going into the river. All new pumps are energy efficient and ran by VFDs. Combined with Project #5 (disinfection), Outfall 003 will have the capacity to screen and disinfect over 77 MGD of combined sewer overflow. This project is required by the approved LTCP for the Paducah JSA and is necessary to achieve compliance with the Consent Decree 07-CI-1252 related to combined sewers.

The Paducah JSA currently serves 19,417 customers.

Ms. Linda Bridwell made the motion to approve the Fund A Loan, A24-023, for an amount up to \$15,366,000 to the Paducah McCracken County Joint Sewer Agency with the standard conditions. Mr. Russ Rose seconded, and the motion carried unanimously.

3. A RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING AN AMENDMENT TO THE CONDITIONAL COMMITMENT FOR AN INFRASTRUCTURE REVOLVING FUND LOAN (B22-004) INCREASE FOR AN ADDITIONAL \$555,000 FOR A TOTAL LOAN AMOUNT OF UP TO \$5,055,000 TO THE WESTERN PULASKI COUNTY WATER DISTRICT, PULASKI COUNTY, KENTUCKY

Ms. Sandy Sanders, KIA, discussed the Western Pulaski County Water District's request for a Fund B loan increase in the amount of \$555,000 for the Bourbon Water Storage Tank Replacement project. The original loan was approved by the KIA board on July 7, 2022. The increase will bring the total KIA loan amount up to \$5,055,000. No additional work is being funded with the increased funding request. Three competitive bids were received with the base bid reflecting a marked increase in material costs. The overall project will replace an existing 300,000-gallon elevated water storage tank with a new 1,000,000-gallon elevated composite water storage tank. Additionally, 600 LF of 12-inch water main will be installed to connect the new tank to the KY Hwy 914 Bypass water main.

Western Pulaski County Water District serves over 8,900 residential and 27 commercial customers.

Ms. Linda Bridwell abstained from voting. Mayor Bruce Fraley made the motion to approve the B loan increase of \$555,000 for a total loan amount up to \$5,055,000 the Western Pulaski County Water District with the standard conditions. Mr. Shaun Youravich seconded, and the motion was passed.

4. A RESOLUTION OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING AND APPROVING THE ISSUANCE OF OBLIGATIONS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY TO REIMBURSE CAPITAL EXPENDITURES MADE BY GOVERNMENTAL AGENCIES PURSUANT TO LOANS MADE BY THE KENTUCKY INFRASTRUCTURE AUTHORITY TO SUCH GOVERNMENTAL AGENCIES

This is a routine resolution allowing KIA to reimburse expenses that are paid out of the Authority's funds with bond proceeds. The projects listed below are covered under this resolution.

BORROWER	FUND	AMOUNT	LOAN TOTAL
City of Lebanon	A24-001	\$6,372,600	\$6,372,500
Paducah McCracken JSA	A24-023	\$15,366,000	\$15,366,000
Western Pulaski County WD (Increase)	B22-004	\$555,000	\$5,055,000
City of Paris (Director Level Increase)	F22-019	\$310,545	\$4,085,545

Ms. Linda Bridwell made the motion to approve the Capital Reimbursement Resolution. Mr. Russ Rose seconded, and the motion carried unanimously.

5. A RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY RELATING TO SCORING OF AND FUNDING PROPOSALS RELATING TO KYWWATERS APPLICATIONS

Director Williams discussed the scoring of the new KYWWATERS Program that was established in the 2024 General Assembly through House Bill 563. This funding will be called the Fund W. Applications were accepted through August 30th. Staff anticipates presenting the projects to the board for Scoring and Funding Recommendations in November. All information is due to the General Assembly no later than December 1st. The General Assembly will select the projects to receive funding during the Session, January 2025 through March 2025. KIA will contact the applicants with approved terms in April 2025.

Ms. Williams introduced Mr. Rick Harris, KIA’s newest employee and Ms. Carmen Ignat. They will be working on this new program. Director Williams noted that staff had received approximately 260 emails, and they are continuing to go through them. The estimate is between 175 and 200 applications have been submitted and need to be processed and submitted to the General Assembly by the December 1st deadline.

The KIA Board requirements set forth by KRS224A.320, require KIA to:

- hold at least monthly meetings, which may be in conjunction with regularly scheduled Board meetings.
- discharge its duties under this section; determine whether a funding applicant is an eligible funding recipient and is seeking funding for an eligible project.
- develop an objective score card or rubric, which may be amended from time-to-time, to aid in the analysis and scoring of funding applications.
- evaluate and score each funding applicant’s project according to the extent to which it meets the 12 scoring criteria.
- within sixty (60) days of a funding application being deemed complete make determinations on the eligibility of the proposed project and the applicant and issue a project score for the application.
- provide detailed feedback to all funding applicants within fourteen (14) of the project score being completed.

No later than December 1, 2024, and each December 1st thereafter, submit to the Legislative research Commission for referral to the Interim Joint Committee on Appropriations and Revenue an annual report containing:

1. The evaluations and scores of the proposed funding recipients for the year to allow for the General Assembly to make the determinations for funding the proposed funding recipients. For each proposed funding recipient that meets the eligibility requirements for funding, the board shall provide a proposal for the structure and the terms of the funding, including but not limited whether the funding should be awarded in whole or in part as a grant, loan, no-interest loan, or forgivable loan, the repayment terms and interest rates for loans or portions of loans, and any other conditions that the board proposes to be placed on the funding.

2. A list of all program applicants.
3. The identity of applicants who did not meet the eligibility requirements for participation in the program.
4. Trends found in feedback given to applicants who did not meet the eligibility requirements for participation in the program; and
5. Eligible uses of funding cited in the funding applications.

The Board established the 2025 KYWATERS interest rates at the July 11th meeting as: Standard rate: 1.75%; Non-standard (a) rate: .075%, and Non-standard (B) rate: .0.00%.

Eligible Funding Recipients are Public Water or Wastewater Systems.

Director Williams noted that the Board’s task is to determine eligibility and to develop a score card/rubric, which may be amended from time-to-time and evaluating each applicants’ project according to the 12 criteria previously noted. The other scoring system is a straight one-to-one score.

Staff recommends using the weighted score, which more closely meets the objectives of economically restrained and supports regionalization and community impact.

Mr. Andy Luttner asked if there was a cut-off point for the funding. Director Williams noted that KIA is only ranking and scoring the projects and will send the scores that are established by the Board to the General Assembly for their consideration and approval. Commissioner Sawyers noted that he believes the cut-off-point is if the projects meet the eligibility criteria.

Below are examples of funding recommendations:

Applicant Name	Project Name	WRIS Number	Debt Service Ratio				Requested Amount	Single Score	Ranking Score
			Scenario One	Scenario Two	Scenario Three	Scenario Four			
Water District AB	Project Replace WWD	WS-002	0.7	0.9	1.0	1.1	3,153,693	7	106

Ms. Geri Grigsby asked if the applicants have been asking for a certain scenario. Director Williams noted that Mr. Harris and Ms. Ignat have talked to several of the applicants and there was also discussion at the Governor’s Local Issues Conference in August, and she feels most people believe this is a grant program. She believes the Bill sponsors believe this is a loan program. KIA will provide to the General Assembly the four funding scenarios allowed through the legislation. She mentioned that if a very robust applicant, that may qualify for funding that is under a Consent Decree or an Agreed Order can pay back a loan, KIA would recommend the applicant pay it back. These funds would revolve for other future applicants. If the recipients truly could not pay back the funding, we could offer reduced terms moving forward.

Commissioner Sawyers noted that it is ultimately the General Assembly's decision. He recommends the more information that KIA can provide the legislators the better and then there is documentation as to why the selected projects were chosen. Assistant General Counsel Natalie Lile noted the statute requires KIA to make recommendations, but the General Assembly is not required to accept the recommendations.

Ms. Grigsby asked how this information would be presented to the Board for consideration. Director Williams noted that she hopes to present all the information at one Board meeting, the regularly scheduled or a special called meeting in November. KIA would provide a summary of each submission with the debt coverage ratio under each funding scenario, along with the score. Those are the items that are required by the legislation. KIA staff would make a funding recommendation based on a target debt coverage service ratio. Commissioner Sawyers noted that if the Board sets everything up properly on the front-end it would give all objective data for final board review. Ms. Grigsby asked if the applicants would receive notification as to the recommendations. Director Williams noted they would receive the information.

Commissioner Sawyers said that KIA staff has made two recommendations for consideration, but if anyone else has other suggestions, please bring them forward. Judge Mark McKenzie noted that the weighted system would accomplish the intent of the legislation in identifying the more truly distressed systems, versus the single scoring system. Mr. Russ Rose asked Director Williams how difficult it would be to vet applications, not in the scoring criteria necessarily, but do they meet the criteria. Director Williams noted that KIA is requiring audited financial information. One issue with that requirement is that an eligibility requirement is not having current financial statements. KIA staff will have to base financing decisions on the most recent years' financial information. Some of the ratios that are calculated based off the financial statements and the coverage ratio, which will be noted in the summary report to the Board. She believes eligibility will be the easy part of the process. If the applicants provide all the required information, eligibility can be determined by what they submit. If all the required information is not submitted, KIA staff will contact applicants and ask for the additional information. If that information is not submitted for staff to make a fair determination on their eligibility of one of the 12 criteria, even if the box is checked, they will not be considered eligible.

Ms. Linda Bridwell noted that KIA staff has done a tremendous job in setting up this information and taking in all different perspectives and gives equal weight across some of the concerns.

Ms. Linda Bridwell made the motion to approve the weighted scoring criteria as presented. Judge Mark McKenzie seconded, There was no further discussion, and the motion was unanimously approved.

Director Williams noted that KIA is requesting Board approval of the following:

1. Standard Principal Forgiveness Amount – Recommended 50%
2. Standard Repayment Term – Recommended 30 years
3. Target Debt Service Coverage Ratio – Recommended 1.1
4. Target Funding Recommendation – Scenario that first meeting the target Debt Service Coverage

Mr. Russ Rose made the motion to accept the KIA's staff recommendations as noted. Judge Mark McKenzie seconded, and the motion was unanimously approved.

II. EXECUTIVE DIRECTOR’S REPORT

Director Williams noted that she had introduced Mr. Rick Harris as the newest KIA staff member. Another new hire will join the staff on October 1st. There are four other job postings that would complete our staff vacancies.

She noted today is Jory Becker’s last KIA Board meeting. He has been promoted to another position and will no longer be participating in our meetings. She introduced Mr. Becker’s replacement, Ms. Hollie Delaney.

She noted that the Grants team worked diligently to meet the September 1st deadline to have all assistance agreements or documentation submitted and completed.

III. ANNOUNCEMENTS/NOTIFICATIONS

Next regularly scheduled KIA board meeting:

Thursday, October 3, 2024, at 1:00 p.m.

There being no further business, Ms. Geri Grigsby made the motion to adjourn. Judge Mark McKenzie seconded, and the motion carried. The September 5, 2024, the meeting of the Board of the Kentucky Infrastructure Authority was adjourned.

WHEREAS, the Kentucky Infrastructure Authority (the "Authority") has been duly created as a body corporate and politic constituting a public corporation and a governmental agency of the Commonwealth of Kentucky pursuant to Chapter 224A of the Kentucky Revised Statutes (the "Act"); and

WHEREAS, pursuant to the Act, the Authority is duly and legally authorized to make loans to Governmental Agencies for the purpose of providing funds for the construction and acquisition of sanitary sewer facilities, water facilities or other types of infrastructure, and in that regard, to enter into Assistance Agreements with such Governmental Agencies governing the provisions in respect of which such loans are to be made, the amounts thereof and the repayment provisions in respect thereto; and

WHEREAS, the Authority anticipates entering into an Assistance Agreement for a loan from the Authority's Federally Assisted Clean Water Revolving Loan Program (Fund A) with the City of Shepherdsville, subject to final determination of amount when the factors involving such financing have been determined; and

WHEREAS, the Authority will, in the near future, authorize and issue a series of Infrastructure Authority Revenue Bonds for the purpose of funding loans to various governmental agencies, such series of Bonds to be known as Kentucky Infrastructure Authority Revenue Bonds with the appropriate Series designation; and

WHEREAS, the Authority wishes to establish terms and conditions on said Fund A loans prior to the issuance of Authority Revenue Bonds and recognizes that additional planning and design of the financed projects are required.

NOW, THEREFORE, THE KENTUCKY INFRASTRUCTURE AUTHORITY, ACTING BY AND THROUGH ITS BOARD OF DIRECTORS AS ITS DULY AUTHORIZED AND EMPOWERED GOVERNING BODY, DOES HEREBY RESOLVE AND ORDER, AS FOLLOWS:

Section 2. The Authority hereby authorizes the issuance of a conditional Federally Assisted Clean Water Revolving Fund A loan for an amount up to \$22,500,851 of project expense including capitalized interest for the construction period, to the City of Shepherdsville for the WWTP Improvements and Hydraulic Expansion project. Such

amounts are subject to adjustment by further action of the Authority or may be adjusted by action of the Executive Director at the time of the issuance of bonds based on adjustment in project costs of not more than ten percent (10%) of the loan amount authorized by this resolution. Upon satisfaction of all conditions of the commitment, execution of an assistance agreement for this loan is authorized.

Section 3. The loan shall be repayable over 20 years at an interest rate of 2.25%. In addition to debt service, a 0.25% annual administration fee on the unpaid loan balance will be charged. VIII. 2023 CAPITALIZATION GRANT EQUIVALENCIES

- 1) Green Project Reserve - This project qualifies for Green Project Reserve funding for \$6,367,000.
- 2) Additional Subsidization – This project does not qualify for additional subsidization.

IX. FINANCIAL ANALYSIS

Financial information was obtained from the audited financial statements for the years ended June 30, 2021, through June 30, 2023. The non-cash impacts of GASB 68 – Accounting and Financial Reporting for Pensions and GASB 75 – Accounting and Financial Reporting for Other Postemployment Benefit have been removed from the operating expenses. Percentage references in the History section below are based on whole dollar amounts and not the rounded amounts presented.

HISTORY

Total sewer and water revenues increased 0.9% from \$6.3 million in 2021 to \$6.35 million in 2023. Operating expenses decreased 7.3% from \$3.24 million to \$3.0 million during the same period due largely to better efficiency and operation of the plant and collection system from completed projects and repairs and a reduction in chemical usage. The debt coverage ratio was 5.0, 4.6, and 5.1 in 2021, 2022, and 2023.

The balance sheet reflects a current ratio of 5.1, a debt-to-equity ratio of 0.5, 45.3 days of sales in accounts receivable, and 28.2 months of operating expenses in unrestricted cash.

PROJECTIONS

Projections are based on the following assumptions:

- 1) Sewer revenues will increase 3.4% in FY25 for residential and commercial customers and 14.4% per 1,000 gallons used during the same period for Jim Beam due to rate increases effective July 2024.
- 2) Sewer revenues for all customers will increase 2% each year thereafter due to COLA increases.
- 3) Expenses for sewer will increase 2% each year due to inflation.
- 4) Debt service coverage is 1.5 in 2028 when principal and interest repayments begin.

Based on the pro forma assumptions, the utility shows adequate cash flow to repay the KIA Fund A loan.

REPLACEMENT RESERVE

The replacement reserve will be 5% (\$1,126,000 total) of the final amount borrowed to be funded annually (\$56,300 yearly) each December 1 for 20 years and maintained for the life of the loan.

Based on current Census data from the American Community Survey 5-Year Estimate 2018-2022, the Utility's service area population is 46,782 with a Median Household Income (MHI) of \$50,128. The MHI for the Commonwealth is \$60,183. The loan will qualify for a 1.25% interest rate.

VIII. 2023 CAPITALIZATION GRANT EQUIVALENCIES

- 1) Green Project Reserve - The Drinking Water capitalization grant does not contain a "green" requirement.
- 2) Additional Subsidization – This project qualifies for additional subsidization. Principal forgiveness not to exceed \$2,937,616 will be credited to the loan balance.

IX. FINANCIAL ANALYSIS

Financial information was obtained from the audited financial statements for the years ended December 31, 2021 through December 31, 2023. The non-cash impacts of GASB 68 – Accounting and Financial Reporting for Pensions and GASB 75 – Accounting and Financial Reporting for Other Postemployment Benefit have been removed from the operating expenses. Percentage references in the History section below are based on whole dollar amounts and not the rounded amounts presented.

HISTORY

Total revenues increased 1% from \$8.5 million in 2021 to \$8.6 million in 2023 primarily due to increased sales. Operating expenses increased 37.6% from \$2.6 million to \$3.5 million during the same period primarily due to increases in utility and chemical expenses as well as taxes associated with property in Tennessee. The debt coverage ratio was 1.7, 1.7, and 1.6 in 2021, 2022 and 2023.

The balance sheet reflects a current ratio of 1.7, a debt-to-equity ratio of 6.6, 33.5 days of sales in accounts receivable, and 13.3 months of operating expenses in unrestricted cash.

PROJECTIONS

Projections are based on the following assumptions:

- 1) Revenues are expected to remain flat in projected years.
- 2) Expenses will increase 2% annually due to inflation and expected increases in general operational expenses.
- 3) Debt service coverage is 1.2 in 2027 when principal and interest repayments begin.

Based on the pro forma assumptions, the utility shows adequate cash flow to repay the KIA Fund F loan.

REPLACEMENT RESERVE

The replacement reserve will be 5% (\$224,000 total) of the final amount borrowed (prior to principal forgiveness, if any) to be funded annually (\$11,200 yearly) each December 1 for 20 years and maintained for the life of the loan.

The Emergency Kentucky Water and Wastewater Assistance Fund was established to provide funding for troubled or economically restrained systems. The funding is dedicated to capital and non-capital expenses relating to restoring or avoiding imminent interruption of utility service provided by a public water or wastewater system after a declaration of emergency has been declared. The Governor and the City of Marion have declared a state of emergency due to an ongoing water shortage because of the need to empty Lake George in response to a levee failure. Lake George is the primary reservoir supplying water to the residents and businesses of the City and conditions have endangered public health and safety. The City is requesting a grant in the amount of \$1,827,600 to address water supply and water loss while a long-term solution is being completed. Maintaining control of water loss is necessary to safeguard diminished raw water capacity.

I. PROJECT DESCRIPTION

The Emergency Kentucky Water and Wastewater Assistance Fund was established to provide funding for troubled or economically restrained systems. The funding is dedicated to capital and non-capital expenses relating to restoring or avoiding imminent interruption of utility service provided by a public water or wastewater system after a declaration of emergency has been declared. The Governor and the City of Marion have declared a state of emergency due to an ongoing water shortage because of the need to empty Lake George in response to a levee failure. Lake George is the primary reservoir supplying water to the residents and businesses of the city and conditions have endangered public health and safety. The city is requesting a grant in the amount of \$1,827,600 to address water supply and water loss while a long-term solution is being completed. Maintaining control of water loss is necessary to safeguard diminished raw water capacity.

This project will include the replacement of all existing water meters in the city. Radio read meters will allow the city to more precisely locate leaks and alleviate water loss. Approximately 5,000 linear feet of existing galvanized waterlines will be replaced with 6” ductile iron waterline. The project encompasses system improvements necessary to achieve water security during the next several years while the Crittenden-Livingston Water District’s expansion project is complete.

The city currently serves 1,238 residential customers and 180 commercial and industrial customers.

INFRASTRUCTURE AUTHORITY TO SUCH GOVERNMENTAL AGENCIES**

WHEREAS, the Board of Directors of the Kentucky Infrastructure Authority (the "Authority") has heretofore approved the undertaking of the projects described in further detail in Exhibit A (collectively, the "Project"); and

WHEREAS, the Authority anticipates making loans and grants to governmental agencies pursuant to the provisions of Chapter 224A of the Kentucky Revised Statutes (the "Act") for the Project and the governmental agencies may be expected to pay and/or incur costs with respect to the Project ("Prior Capital Expenditures") on or after the date of this resolution and prior to the issuance of the obligations (the "Obligations") which will finance the Project.

NOW, THEREFORE BE IT RESOLVED by the Board of Directors of the Kentucky Infrastructure Authority as follows:

Section 1. The Board of Directors hereby approves the use of the Obligations to finance the costs of the Project in the maximum principal amount set forth in Exhibit A plus costs of issuance related thereto and amounts required to fund a debt service reserve, if any, and declares its intent that any Prior Capital Expenditures made by the governmental agencies pursuant to loans made by the Authority will be made in anticipation of the issuance of such Obligations to reimburse said Prior Capital Expenditures. This declaration is made pursuant to Treas. Reg. §1.150-2.

The Authority hereby directs the Executive Director, Secretary, and Treasurer to take the following action at the time the Prior Capital Expenditures are reimbursed from proceeds of the Obligations: (i) evidence the reimbursement on the books and records maintained with respect to the Obligations, and (ii) identify either the actual prior expenditure to be reimbursed or, in the case of reimbursement of a fund or account, the fund or account from which the expenditure was paid.

Section 5. The books, records and proceedings of the Authority with respect to this resolution shall be made reasonably available by the Authority for its inspection by the general public at the Authority's administrative office every business day during normal business hours commencing no later than 30 days after the passage of this resolution.
