A. BUSINESS (Board Action Required)

1. APPROVAL OF MINUTES

For: KIA Regular Board Meeting of October 5, 2023

Ms. Linda Bridwell moved to approve the minutes of the October 5, 2023, regular board meeting. Ms. Shelley Porter seconded, and the motion carried unanimously.

B. NEW PROJECTS/ACTION ITEMS (Board Action Required)

1. CONSIDERATION OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUDIT REPORT FOR THE FISCAL YEAR ENDED JUNE 30, 2023

Mr. Allen Norvell, Blue & Co., LLC met with the group to discuss the Audit for the Fiscal Year Ended June 30, 2023. He noted the following financial highlights:

- As of the close of fiscal year 2023, the Authority reported an ending net Position of \$1,379,401,000, an increase of \$63,411,000 (4.8%) in comparison with the prior year.
- The Authority's total liabilities decreased \$16,433,000 (8.5%) during fiscal year 2023.
- The Authority disbursed \$85,646,000 to borrowers for eligible expenditures under loan assistance agreements and \$19,172,000 to local governmental entities for state grants.
- Principal in the amount of \$77,533,000 was collected from borrowers for assistance agreements.

It is Blue & Company's opinion that the financial statements submitted for review to above present fairly, in all material respects, the respective financial position of the Authority as of June 30, 2023, and the respective changes in financial position, and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Mayor Les Stapleton made the motion to approve the 2023 Audit Report as submitted. Mr. Shaun Youravich seconded, and the motion unanimously passed.

2. A RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING ISSUANCE OF A CONDITIONAL COMMITMENT FOR AN INFRASTRUCTURE REVOLVING FUND LOAN (B24-005) FOR AN AMOUNT UP TO \$700,000 TO THE ALLEN COUNTY WATER DISTRICT, ALLEN COUNTY, KENTUCKY

Ms. Sandy Sanders, KIA, discussed the Allen County Water District’s request for a Fund B Loan, B24-005, for an amount up to \$700,000 for the Walkers Chapel Water Tank Project. This project will construct a new 300,000-gallon elevated storage tank to replace an aging 170,000-gallon glass lined standpipe allowing for proper turnover of the tank and providing additional storage for existing customers. The existing standpipe has had its coating system compromised by prior repair attempts and shows further corrosion during inspections with the potential to create poor water quality.

The Allen County Water District currently serves 6,006 residential customers, 442 commercial customers and 1 wholesale customer. The District purchases water from the Glasgow Water Company and sells it to the City of Scottsville.

Ms. Linda Bridwell abstained from the vote. Mr. Russ Rose made the motion to approve the Fund B loan (B24-005) to the Allen County Water District for an amount up to \$700,000 with the standard conditions. Mayor Les Stapleton seconded, and the motion was approved.

3. A RESOLUTION OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING AND APPROVING THE ISSUANCE OF OBLIGATIONS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY TO REIMBURSE CAPITAL EXPENDITURES MADE BY GOVERNMENTAL AGENCIES PURSUANT TO LOANS MADE BY THE KENTUCKY INFRASTRUCTURE AUTHORITY TO SUCH GOVERNMENTAL AGENCIES

This is a routine resolution allowing KIA to reimburse expenses that are paid out of the Authority’s funds with bond proceeds. The projects listed below are covered.

BORROWER	FUND	AMOUNT	LOAN TOTAL
Allen County Water District	B24-005	\$700,000	\$700,000

Ms. Linda Bridwell made the motion to approve the Capital Reimbursement Resolution. Judge Mark McKenzie seconded, and the motion carried unanimously.

4. A RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY CREATING THE WATER MANAGEMENT ASSISTANCE FUND AND SETTING FORTH QUALIFICATION CRITERIA FOR USE THEREIN AND THE INTEREST RATE THEREFOR

Executive Director Sandy Williams discussed the KIA staff's recommendations for implementation of the Water Management Assistance Fund. KIA staff put forth their recommendations and distributed to all KIA Board members for their review prior to the meeting. Director Williams noted a typographical error. It was the 2022 General Assembly, not the 2023 as noted.

Purpose: To provide assistance for both capital and non-capital expenses of governmental entities that provide public drinking water and wastewater services.

- Used to improve financial, managerial, and technical capacity.
- Provide incentives for improvement and requires accountability.
- Available for debt relief, debt forgiveness, loan forgiveness, restructuring existing debt or loans, or any other manner to improve the financial stability of the water and/or wastewater utility.

Eligibility: Governmental Agencies that:

- Provide public drinking water and wastewater services to ratepayers of Kentucky; and
- Are considered financially at risk.

Proposed Criteria to Define “At Risk”:

The proposed criteria are intended to provide flexibility in the analysis of a system's financial risk and is not intended to be cumulative. A system would not have to meet all criteria to be defined as an at-risk system. These benchmarks would be the lower limit of determining risk.

1. MHI of the service area – Less than the state MHI
This is the current “disadvantaged community” definition.
2. User rates as they relate to affordability – At or above 1.0
This is the current “disadvantaged community” definition.
Calculation is annual 4,000-gallon water rate / system MHI)
3. Availability of financial statement audits – the system lacks audit in at least one of the prior 3 years.

This could be because of lack of available funding for the audit or lack of interest from CPA firms in providing the service.

4. Deficit retained earnings over time – negative income in 2 of past 5 years (doesn't have to be consecutive)
A single year of negative income could be a one-time hit. More than 1 year of negative income could be a concern.
5. Debt service coverage over time – Debt service coverage ratio less than 1.1 in 3 of past 5 years. This could indicate unstable revenue or uneven amortization schedule.
6. Excessive accounts payable – current ratio less than 1.
Calculation of current ratio is current assets divided by current liabilities. This indicates that there is not enough cash on hand to pay bills that are currently due.
7. Excessive accounts receivable (large number of past due accounts) –
Ratio of days sales in accounts receivable greater than 45 days.
This could indicate the utility's inability to collect rates from rate payers.
8. Safe Drinking Water Act or Clean Water Act regulatory non-compliance –
agreed orders, notices of violation, etc. – Project will lead utility to a path of compliance
9. Willingness to consider regionalization solutions.
Give priority to projects that have an end goal of a regional solution. Does not have to be merged with another system.
10. Percentage of water loss of the system.
Water loss in excess of industry standards.
11. Offer complete funding package solution. May combine KIA funding with other available funding sources.
12. Can offer more favorable terms (lower interest rate, zero interest rate, longer loan term, principal forgiveness) over time if utility meets "carrot" benchmarks

Director Williams asked Representative Bobby McCool if he would like to say a few words about this funding. Representative McCool thanked Director Williams for the opportunity. He said this funding was established in the 2022 General Assembly as a triage effort to help distressed areas that have been doing everything, they could get out of dire financial straits but have not been able to do so. This funding will put these systems in a much better position to serve their residents. He also noted that this funding could be taken away if not distributed soon.

Mr. Russ Rose made the motion to approve the proposed guidelines for the Water Management Assistance Fund. Mayor Les Stapleton seconded with correction to the typographical error that was mentioned, and the motion passed unanimously.

II. EXECUTIVE DIRECTOR’S REPORT

Executive Director Williams thanked everyone for their participation. She acknowledged Jim Carpenter, Denise Pitts, and James Nelson for their contributions in getting the audit and budget done. John Brady was thanked for the hard work he had put into getting the Intended Use Plan, (IUP) and the Annual Report completed, especially with the addition of the five additional programs that have been added in recent years. She acknowledged Milward Dedman for his efforts while she was out on vacation.

The EK Safe monies were an appropriation from the General Assembly to provide housing for those counties in eastern Kentucky that were affected by the flood. Currently, we have three subdivisions, Chestnut Ridge in Knott County, just over \$5.2 million for the higher ground housing, a little over \$4.3 million for Skyview Estates in Perry County this includes both drinking water and wastewater funding, and finally Olive Branch subdivision also in Knott County with funding just over \$2.8 million. Our staff is working with the Emergency Management and Department of Military Affairs staff on these projects to ensure the projects continue to move quickly.

III. ANNOUNCEMENTS/NOTIFICATIONS

Next regularly scheduled KIA board meeting:

Thursday, November 2, 2023, at 1:00 p.m.

There being no further business, Judge Mark McKenzie moved to adjourn. Mayor Les Stapleton seconded, and the motion carried unanimously. The November 3, 2023, the meeting of the Board of the Kentucky Infrastructure Authority was adjourned.

Dear Mrs. Williams:

The Division of Water (DOW) hereby certifies that the Louisville and Jefferson County MSD is eligible to receive \$27,783,547.00 in addition to the current funding commitment from the Clean Water State Revolving Fund. This will bring the current loan amount to \$28,902,147.00. The DOW certifies that the project scope is consistent with the scope that was used to rank the project on the Intended Use Plan-Project Priority List.

The Louisville and Jefferson County MSD’s status relative to the Clean Water State Revolving Fund General Conditions is provided below:

1. Project specific environmental information was submitted to DOW in June 2023.
2. Plans and specifications were submitted to DOW in September 2023.
3. Construction bids are expected to be opened in December 2023.

Upon compliance with the general conditions, the DOW will issue a final project certification prior to authorizing the loan agreement. Also, this project is being completed using a progressive design-build project delivery approach. Therefore, plans and specifications will be continually submitted for the duration of the project. A preconstruction and project management conference with the DOW must be held prior to commencement of construction. I. PROJECT DESCRIPTION

The Louisville and Jefferson County Metropolitan Sewer District (MSD) is requesting a Fund A loan in the amount of \$27,783,547 for the Paddy's Run Flood Pumping Station (FPS) Capacity project. This project will construct a new FPS that will provide a total estimated pumping capacity of 1,900 MGD. It will also include new flood pumps, motors, and discharge pipes. SCADA and associated electrical and mechanical components will be installed to operate the new flood pumps in addition to the required aesthetic, plumbing, and HVAC equipment. The existing FPS, designed by the U.S. Army Corps of Engineers and put into service in 1953, will be decommissioned.

The existing Paddy's Run FPS routinely pumps combined sewer overflows during wet weather events when the river is elevated, further protecting the public and many critical assets within MSD's sewer system. In addition to providing critical flood protection, the Paddy's Run FPS serves as essential wastewater infrastructure for combined sewer overflow control and is a required project in MSD's Consent Decree. This project will also help protect critical infrastructure within Rubbertown which could have catastrophic consequences if flooded, including releasing volatile chemicals and emerging contaminants into the Ohio River. Failure to act on this project could result in an ever-increasing risk of life-threatening flooding in the community. Additionally, the inadequate capacity of the existing pump station would worsen the impact of a flood event by allowing a higher portion of wastewater in flood waters.

MSD currently serves 224,374 residential customers, 21,483 commercial customers and 391 industrial customers.

IX. FINANCIAL ANALYSIS

Financial information was obtained from the audited financial statements for the years ended June 30, 2021 through June 30, 2023. The non-cash impacts of GASB 68 – Accounting and Financial Reporting for Pensions and GASB 75 – Accounting and

Financial Reporting for Other Postemployment Benefit have been removed from the operating expenses. Percentage references in the History section below are based on whole dollar amounts and not the rounded amounts presented.

HISTORY

Total revenues increased 19% from \$329.4 million in 2021 to \$392 million in 2023 due to annual rate increases and the revenues from a new customer base following MSD's acquisition of the Bullitt County Sanitation system. Operating expenses increased 13.6% from \$109.7 million to \$124.6 million during the same period due to higher service and administrative costs. The debt coverage ratio was 1.6, 1.8, and 1.9 in 2021, 2022, and 2023.

The balance sheet reflects a current ratio of 1.3, a debt-to-equity ratio of 3.1, 27 days of sales in accounts receivable, and 6.4 months of operating expenses in unrestricted cash.

PROJECTIONS

Projections are based on the following assumptions:

- 1) Service revenues will increase 6.9% in 2024 due to an existing rate increase.
- 2) Revenues will increase 6.1% beginning in 2025 due to rate increases anticipated from MSD's Board.
- 3) Operating expenses will increase 4% annually due to inflation and general expenses for pending projects.
- 4) Debt service coverage is 2.0 in 2028 when principal and interest repayments begin.

Based on the pro forma assumptions, the utility shows adequate cash flow to repay the KIA Fund A loan.

REPLACEMENT RESERVE

MSD maintains debt reserve accounts on its senior obligations equal to at least 10% of the face amount of all bonds issued outstanding, 100% of the maximum aggregate net debt service in the current year or any future fiscal year, or 125% of the average aggregate net debt service in the current or any future fiscal year.

**A RESOLUTION OF THE KENTUCKY INFRASTRUCTURE AUTHORITY
AUTHORIZING AND APPROVING THE ISSUANCE OF OBLIGATIONS OF
THE KENTUCKY INFRASTRUCTURE AUTHORITY TO REIMBURSE
CAPITAL EXPENDITURES MADE BY GOVERNMENTAL AGENCIES
PURSUANT TO LOANS MADE BY THE KENTUCKY INFRASTRUCTURE
AUTHORITY TO SUCH GOVERNMENTAL AGENCIES**

WHEREAS, the Board of Directors of the Kentucky Infrastructure Authority (the "Authority") has heretofore approved the undertaking of the projects described in further detail in Exhibit A (collectively, the "Project"); and

WHEREAS, the Authority anticipates making loans to governmental agencies pursuant to the provisions of Chapter 224A of the Kentucky Revised Statutes (the "Act") for the Project and the governmental agencies may be expected to pay and/or incur costs with respect to the Project ("Prior Capital Expenditures") on or after the date of this resolution and prior to the issuance of the obligations (the "Obligations") which will finance the Project.

NOW, THEREFORE BE IT RESOLVED by the Board of Directors of the Kentucky Infrastructure Authority as follows:

Section 1. The Board of Directors hereby approves the use of the Obligations to finance the costs of the Project in the maximum principal amount set forth in Exhibit A plus costs of issuance related thereto and amounts required to fund a debt service reserve, if any, and declares its intent that any Prior Capital Expenditures made by the governmental agencies pursuant to loans made by the Authority will be made in anticipation of the issuance of such Obligations to reimburse said Prior Capital Expenditures. This declaration is made pursuant to Treas. Reg. §1.150-2.

Section 2. The Executive Director and Treasurer of the Authority are hereby authorized and directed to reimburse, not later than eighteen months after the later of (i) the date of the expenditure or (ii) the date the item was placed in service, but in any event not later than three years after the original expenditure, only those Prior Capital Expenditures made with respect to assets having a reasonably expected economic life of at least one year, and in addition, eligible preliminary expenditures paid and incurred prior to commencement of the Project.

Section 3. The Authority finds and determines that, consistent with the Authority's budgetary and financial circumstances, it does not have funds currently available and does not expect to have funds available in the future that may be allocated on a long-term basis, other than the proceeds of the Obligations, to finance the Prior Capital Expenditures.

Section 4. The Authority hereby directs the Executive Director, Secretary, and Treasurer to take the following action at the time the Prior Capital Expenditures are reimbursed from proceeds of the Obligations: (i) evidence the reimbursement on the books and records maintained with respect to the Obligations, and (ii) identify either the actual prior expenditure to be reimbursed or, in the case of reimbursement of a fund or account, the fund or account from which the expenditure was paid.

Section 5. The books, records and proceedings of the Authority with respect to this resolution shall be made reasonably available by the Authority for its inspection by the general public at the Authority's administrative office every business day during normal business hours commencing no later than 30 days after the passage of this resolution. Said books, record and proceedings of the Authority with respect to this resolution will continue to be reasonably available to the general public until the date of issuance of the Obligations.

Section 6. This Resolution shall be in full force and effect from and after its adoption. Passed and adopted this 7th day of December, 2023.
