1. APPROVAL OF MINUTES

For: KIA Regular Board Meeting of August 6, 2020

Mr. Claude Christensen moved to approve the minutes of the August 6, 2020, regular board meeting. Mr. Ron Lovan seconded, and the motion carried unanimously.

B. NEW PROJECTS/ACTION ITEMS

1. A RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING AN AMENDMENT TO THE CONDITIONAL COMMITMENT FOR A FEDERALLY ASSISTED CLEAN WATER REVOLVING FUND A LOAN (A19-047) INCREASE FOR AN AMOUNT UP TO \$6,471,088 TO THE CITY OF BARDSTOWN, NELSON COUNTY, KENTUCKY

Mr. Jory Becker, DOW, and Ms. Meili Sun, KIA, discussed the City of Bardstown's request for a Fund A Loan increase of \$1,071,088, A19-047, for a total amount up to \$6,471,088 to supplement the Rowan Creek Sewer Upgrade project initially approved on February 7, 2019, which will bring the total loan amount up to \$6,471,088. The increase is due to higher bids than budgeted and involves no additional work or change of scope.

This project will replace the existing 0.75 million gallons per day ("MGD") Pottershop pump station with a 3.5 MGD station and will upgrade approximately 17,000 linear feet of sewer lines with 12 to 36 inch lines. Mechanical screening facilities will also be constructed at the headworks of the treatment plant to remove trash and debris prior to waste treatment. Capacity will be increased in a growth area as well as mitigation of sanitary sewer overflows and hydraulic overloading during wet weather events.

The Bardstown Sewer System is a regional provider that serves approximately 8,000 retail customers and treats wastewater for the Bloomfield Wastewater Collection System through the Kentucky Inter-System Operational Permit (KISOP).

Mr. Kurt Stafford asked if multiple bids are required if prices are higher than expected. Ms. Sun noted KIA requires three bids.

Mr. Bob Amato moved to approve the Fund A Loan (A19-047), for an amount up to \$6,471,088 with the standard conditions. Mr. Ron Lovan seconded and the motion was unanimously approved.

2. A RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING ISSUANCE OF A CONDITIONAL COMMITMENT FOR A FEDERALLY ASSISTED CLEAN WATER REVOLVING FUND LOAN (A17-014) FOR AN AMOUNT UP TO \$2,715,000 TO THE GREENUP JOINT SEWER AGENCY, GREENUP COUNTY, KENTUCKY

Mr. Jory Becker, DOW, and Ms. Linda Bridwell, KIA, discussed the Greenup Joint Sewer Agency's request for a fund A Loan for an amount up to \$2,715,000 for the Lloyd project. This project will involve providing sanitary sewer service to approximately 363 existing residential, commercial and school buildings which are only served through failing septic systems in the City of Lloyd. Decommissioning and demolition of a package wastewater treatment plant (WWTP) serving the Greenup County Schools campus is included in this Phase. Low pressure sewer will be connected to a new pump station and force main, which will convey the wastewater from the Lloyd community to the existing GJSA WWTP in Wurtland.

The GJSA is a relatively new agency, providing wholesale sewer treatment for two customers, the City of Greenup and the City of Wurtland, in Greenup County.

Mr. Claude Christensen moved to approve the Fund A Loan, (A17-014), for an amount up to \$2,715,000 with the standard conditions and the following special condition: The GJSA will apply an additional \$600 per month to the reserve account to replenish the reserve funds for other debt obligations. Mr. Winston Miller seconded and the motion was unanimously approved.

3. A RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING ISSUANCE OF A CONDITIONAL COMMITMENT FOR AN INFRASTRUCTURE REVOLVING FUND LOAN (B20-004) FOR AN AMOUNT UP TO \$1,146,000 TO THE WESTERN PULASKI COUNTY WATER DISTRICT, PULASKI COUNTY, KENTUCKY

Ms. Linda Bridwell, KIA discussed the Western Pulaski County Water District's request for a Fund B Loan in an amount up to \$1,146,000 for the Kentucky Hwy 80 Waterline Replacement & Fishing Creek Bridge Waterline Replacement project. This project consists of replacing approximately 1250 linear feet of existing 10-inch, 8-inch, and 6-inch lines along Kentucky Highway 80 before and after the Fishing Creek Bridge as well as removing the existing 1250 linear feet of existing 10-inch water line attached to the bridge and replacing it with 1250 LF of 12-inch ductile iron pipe, support hangers, insulation, and accessories.

The Western Pulaski County Water District serves approximately 8,300 customers.

Mr. Lindsey Flora abstained. Mr. Winston Miller moved to approve the Fund B Loan, (B20-004), for an amount up to \$1,146,000 with the standard conditions and the following special conditions: Western Pulaski County Water District shall apply to the Public Service Commission (PSC), pursuant to KRS 278.300, for debt authorization for KIA loan B20-004. This debt authorization application should include a forecast meeting debt service projected through 2025; and Prior to the assistance agreement being executed, Western Pulaski County Water District must receive a Certificate of Public Convenience and Necessity, pursuant to KRS 278.020, from the PSC for any portion of the project that may require it, or provide an opinion from legal counsel or the staff of the PSC, or a declaratory order from the PSC, that a CPCN is not required

for any portion of the assets to be constructed as part of the loan agreement. Mr. Paul Miller seconded and the motion was unanimously approved.

4. A RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING AN AMEDEMMENT TO THE CONDITIONAL COMMITMENT FOR AN INFRASTRUCTURE REVOLVING FUND LOAN (C20-003) INCREASE FOR AN AMOUNT UP TO \$149,350 TO THE CITY OF LEWISPORT, HANCOCK COUNTY, KENTUCKY

Mr. Alex Fisher, KIA, discussed the City of Lewisport's request for a Fund C Loan Increase, C20-003, of \$49,350 to increase the capacities of the Corman's Crossing, the Royal Crest, and the American Greetings pump stations. The loan total is for an amount up to \$149,350. Other improvements include new valve vaults, conversions from suction lift or dry pit submersible to wet pit submersible pumps, access road upgrades, and an emergency generator. The improvements will allow the pump stations to meet current and anticipated demands efficiently and replace components that are at the end of the useful life expectancy. They will also make the stations safer to maintain by reducing confined space entry hazards.

Mr. Russ Rose moved to approve the Fund C Loan, (C20-003), for an increase amount of \$49,000 for a loan total amount up to \$149,350 with the standard conditions. Mr. Ron Lovan seconded and the motion was unanimously approved.

5. EXECUTIVE DIRECTOR’S REPORT

Executive Director Edith Halbleib discussed The Fitch Ratings recently confirmed Kentucky Infrastructure Authority’s (KIA’s) bond rating as AAA.

The EPA has returned their annual reviews of KIA’s DWSRF and CWSRF programs. The EPA noted that the pace of disbursements of the DWSRF program had improved from the prior year. Further, the EPA noted that the KIA was to be commended for its improvements to the pace of disbursements in the CWSRF programs.

The Call for Projects for fiscal year 2022 is underway. It extends from September 15 until December 4. The intended use plans for fiscal year 2021 for these programs have been finalized and are available on the KIA website.

Our mission is to extend loan invitations to as many of the borrowers on our call for projects as possible. KIA has turned its attention in the past six months to extending its lending capacity, by keeping a close watch over loan applications acceptances. The result is that the KIA currently has been able to extend, and receive acceptances, of over \$67 million more than the prior year. Further, the KIA is revisiting the “funding available” determination, by seeking an opinion from a financial consultant, in lieu of the determination made internally by the financial analyst. The KIA currently contracts with a consultant to make cash flow projections to assist the bond rating agencies, who has indicated that the work would be within the scope of the current contract.

KIA’s unaudited financial statements indicate the KIA expended \$3.04 million for operations, an amount under its \$3.45 million budget. Simultaneously, however, the General Fund

appropriation for operating expenses has been reduced from \$1,140,000 last year, to \$772,700 this year. In addition, further cuts are anticipated as the economic fallout from COVID19 becomes known. The KIA is otherwise funded by fee revenues, of 0.2% administrative fees for loans in repayments, and 1% on draws from EPA grants. The projected fee revenue for the current year is approximately \$2.3 million. KIA has sufficient current funding for operations.

There are a number of personnel changes. Carmen Ignat has joined the staff as a Financial Analyst and Tom Schubert has been chosen as the new Geoprocessing Specialist III, replacing Dustin Horn. They both have a significant amount of experience and come to us from other roles in the Commonwealth. Welcome to Carmen and Tom.

Director Halbleib will be leaving KIA to assume the Role of Executive Director at the Commonwealth's newly merged organization, the Office of Claims and Appeals. The role is in keeping with my legal work as Commissioner for the Jefferson Circuit Court where I was the chief hearing officer and administrative director of the more than 2,000 case disposition recommendations per year.

The Kentucky Infrastructure Authority is an extraordinary operation in serving Kentuckians. It has assembled an incredible team. The team is talented, hard-working and dedicated to serving our utilities and communities.

ANNOUNCEMENTS/NOTIFICATIONS

- Next scheduled KIA board meeting:
Thursday, November 5, 2020, 1:00 p.m.

There being no further business, Mr. Winston Miller moved to adjourn. Mr. Bob Amato seconded and the motion carried unanimously. The August 6, 2020 meeting of the Board of the Kentucky Infrastructure Authority was adjourned.

WHEREAS, the Kentucky Infrastructure Authority (the "Authority") has been duly created as a body corporate and politic constituting a public corporation and a governmental agency of the Commonwealth of Kentucky pursuant to Chapter 224A of the Kentucky Revised Statutes (the "Act"); and

WHEREAS, pursuant to the Act, the Authority is duly and legally authorized to make loans to Governmental Agencies for the purpose of providing funds for the construction and acquisition of sanitary sewer facilities, water facilities or other types of infrastructure, and in that regard, to enter into Assistance Agreements with such Governmental Agencies governing the provisions in respect of which such loans are to be made, the amounts thereof and the repayment provisions in respect thereto; and

WHEREAS, the Authority anticipates entering into an Assistance Agreement for a loan from the Authority's Federally Assisted Drinking Water Revolving Loan Program (Fund F) with the City of Whitesburg, subject to final determination of amount when the factors involving such financing have been determined; and

WHEREAS, the Authority will, in the near future, authorize and issue a series of Infrastructure Authority Revenue Bonds for the purpose of funding loans to various governmental agencies, such series of Bonds to be known as Kentucky Infrastructure Authority Revenue Bonds with the appropriate Series designation; and

WHEREAS, the Authority wishes to establish terms and conditions on said Fund F loans prior to the issuance of Authority Revenue Bonds and recognizes that additional planning and design of the financed projects are required.

NOW, THEREFORE, THE KENTUCKY INFRASTRUCTURE AUTHORITY, ACTING BY AND THROUGH ITS BOARD OF DIRECTORS AS ITS DULY AUTHORIZED AND EMPOWERED GOVERNING BODY, DOES HEREBY RESOLVE AND ORDER, AS FOLLOWS:

Section 1. All statements of fact set forth in the preambles to this Resolution and Order are incorporated herein by reference, the same as if set forth verbatim. All such statements of fact are hereby declared to be true and accurate in all material respects.

Section 2. The Authority hereby authorizes the issuance of a conditional Federally Assisted Drinking Water Revolving Fund loan for an amount up to \$600,000 of project expense including capitalized interest for the construction period, to the City of Whitesburg for the Water Storage Tank Replacement Project. Such amounts are subject

to adjustment by further action of the Authority or may be adjusted by action of the Executive Director at the time of the issuance of bonds based on adjustment in project costs of not more than (10%) ten percent of the loan amount authorized by this resolution. Upon satisfaction of all conditions of the commitment, execution of an assistance agreement for this loan is authorized.

Section 3. Principal forgiveness of 50% of the assistance amount, not to exceed \$300,000 will be credited to the loan balance upon release of liens on all contracts and disbursement of the final draw request by KIA to the borrower. The unforgiven principal balance of \$300,000 shall be repaid.

Section 4. The unforgiven principal shall be repayable over 30 years at an interest rate of 0.50%. In addition to debt service, a 0.25% annual administration fee on the unpaid, unforgiven principal balance will be charged. From annual revenues, \$1,500 must be set aside in a borrower held replacement reserve each December 1 until the balance reaches \$30,000 and maintained for the life of the loan. These terms are subject to adjustment upon execution of the loan agreement, upon changes in the project conditions or determination that the project will require authority financing to be done on a taxable basis.

Section 5. This Resolution and Order shall be in full force and effect from and after its adoption at a properly held meeting of the Kentucky Infrastructure Authority this 5th day of November, 2020.

VIII. 2019 CAPITALIZATION GRANT EQUIVALENCIES

Additional Subsidization – This project qualifies for additional subsidization. Principal forgiveness up to 50% of the assistance amount, not to exceed \$300,000, will be credited to the loan balance upon release of liens on all contracts and disbursement of the final draw request by KIA to the borrower.

IX. FINANCIAL ANALYSIS

Financial information was obtained from the audited financial statements for the years ended June 30, 2017 through June 30, 2019. The City's proprietary funds consolidate water, sewer, and sanitation operations. The non-cash impacts of GASB 68 – Accounting and Financial Reporting for Pensions and GASB 75 – Accounting and Financial Reporting for Other Postemployment Benefit have been removed from the operating expenses. Percentage references in the History section below are based on whole dollar amounts and not the rounded amounts presented.

On December 20, 2017, the Kentucky Auditor of Public Accounts released an Examination of Certain Policies, Procedures, and Financial Activity of the City of Whitesburg, Kentucky, which identified several findings regarding the City's financial and accounting practices. The Examination revealed more than \$350,000 in delinquent money for billing of water and sewer department. The cause of the delinquent payments was a combination of improper meter readings and erroneous customer billings. Based on the APA recommendations, the City had made drastic improvements to implement sound procedures for collecting all accounts receivable, establish a consistent process for the treatment of past-due accounts, and apply policies and procedures to the adjustment of water utility accounts. In 2019, a restatement of approximately \$550,000 was made to write off aged or inactive accounts.

HISTORY

Combined operating revenues of proprietary funds increased 3.8% from \$1.50 million in 2017 to \$1.55 million in 2019 while operating expenses decreased 8.1% during the same period as a result of less repairs and maintenance required. Consolidated cash flow before debt service was \$336,580 in 2019. Sewer cash flow was \$77,158 or 22.9% of consolidated cash flow before debt service. The debt coverage ratios of 2017 and 2018 were below 1.1 as there had been no rate increases since 2009. The ratio went up to 2.2 in 2019 after the City paid off 3 existing debts.

The balance sheet reflects a current ratio of 1.8, a debt to equity ratio of 0.6, 56.2 days of sales in accounts receivable, and 1.2 months of operating expenses in unrestricted cash.

PROJECTIONS

Projections are based on the following assumptions:

- 1) Inside City water revenues will go up 48.8% and outside city rates up 23.5% from the rate increases that took effect in July, 2019.
- 2) Wholesale water will remain at the current rate.
- 3) Expenses will increase 2% annually for inflation.
- 4) Debt service coverage is 3.5 in 2023 when principal and interest repayments begin.

Based on the pro forma assumptions, the utility shows adequate cash flow to repay the KIA Fund F loan.

REPLACEMENT RESERVE

The replacement reserve will be 5% (\$30,000 total) of the final amount borrowed to be funded annually (\$1,500 yearly) each December 1 for 20 years and maintained for the life of the loan.

I. PROJECT DESCRIPTION

The City of Whitesburg ("City") is requesting a Fund F loan in the amount of \$2,200,000 for the KY HWY 931 Waterline Extension Project. This project will install approximately 61,000 LF of 2", 3", 4", and 6" PVC waterlines, meters, flushing hydrants, a water storage tank, and a duplex pump station. The extension will serve 166 households who currently rely on wells or hauled water. The duplex pump station will be constructed at the end of the existing 6" waterline to ensure that water pressure requirements are met at the top of the hill on KY HWY 931. This will provide the currently unserved residents with a reliable and safe supply of potable water while increasing rate revenues to the City from the new customers.

The City provides retail water to approximately 1,400 customers and wholesale water to the Letcher County Water and Sewer District, which is a PSC regulated entity. Wholesale water is less than 10% of the total usage.

IX. FINANCIAL ANALYSIS

Financial information was obtained from the audited financial statements for the years ended June 30, 2017 through June 30, 2019. The City's proprietary funds consolidate water, sewer, and sanitation operations. The non-cash impacts of GASB 68 – Accounting and Financial Reporting for Pensions and GASB 75 – Accounting and Financial Reporting for Other Postemployment Benefit have been removed from the operating expenses. Percentage references in the History section below are based on whole dollar amounts and not the rounded amounts presented.

On December 20, 2017, the Kentucky Auditor of Public Accounts released an Examination of Certain Policies, Procedures, and Financial Activity of the City of Whitesburg, Kentucky, which identified several findings regarding the City's financial and accounting practices. The Examination revealed more than \$350,000 in delinquent money for billing of water and sewer department. The cause of the delinquent payments was a combination of improper meter readings and erroneous customer billings. Based on the APA recommendations, the City had made drastic improvements to implement sound procedures for collecting all accounts receivable, establish a consistent process for the treatment of past-due accounts, and apply policies and procedures to the adjustment of water utility accounts. In 2019, a restatement of approximately \$550,000 was made to write off aged or inactive accounts.

HISTORY

Combined operating revenues of proprietary funds increased 3.8% from \$1.50 million in 2017 to \$1.55 million in 2019 while operating expenses decreased 8.1% from \$1.22 million to 1.12 million during the same period as a result of less repairs and maintenance required. Consolidated cash flow before debt service was \$336,580 in 2019. Water cash flow was \$77,158 or 22.9% of consolidated cash flow before debt service. The debt coverage ratios of 2017 and 2018 were below 1.1 because of increased bad debt expenses and no rate increases since 2009. The ratio went up to 2.2 in 2019 after the City paid off 3 existing debts.

The balance sheet reflects a current ratio of 1.8, a debt to equity ratio of 0.6, 56.2 days of sales in accounts receivable, and 1.2 months of operating expenses in unrestricted cash.

PROJECTIONS

Projections are based on the following assumptions:

- 1) Inside City water revenues will go up 48.8% and outside city rates up 23.5% from the rate increases that took effect in July, 2019.
- 2) Wholesale water will remain at the current rate.
- 3) Expenses will increase 2% annually for inflation.
- 4) Debt service coverage is 3.5 in 2023 when principal and interest repayments begin.

Based on the pro forma assumptions, the utility shows adequate cash flow to repay the KIA Fund F loan.

REPLACEMENT RESERVE

The replacement reserve will be 5% (\$110,000 total) of the final amount borrowed to be funded annually (\$5,500 yearly) each December 1 for 20 years and maintained for the life of the loan.

WHEREAS, the Kentucky Infrastructure Authority (the "Authority") has been duly created as a body corporate and politic constituting a public corporation and a governmental agency of the Commonwealth of Kentucky pursuant to Chapter 224A of the Kentucky Revised Statutes (the "Act"); and

WHEREAS, pursuant to the Act, the Authority is duly and legally authorized to make loans to Governmental Agencies for the purpose of providing funds for the construction and acquisition of sanitary sewer facilities, water facilities or other types of infrastructure, and in that regard, to enter into Assistance Agreements with such Governmental Agencies governing the provisions in respect of which such loans are to be made, the amounts thereof and the repayment provisions in respect thereto; and

WHEREAS, the Authority anticipates entering into an Assistance Agreement for a loan from the Authority's Federally Assisted Drinking Water Revolving Loan Program (Fund F) with the McCreary County Water District, subject to final determination of amount when the factors involving such financing have been determined; and

WHEREAS, the Authority will, in the near future, authorize and issue a series of Infrastructure Authority Revenue Bonds for the purpose of funding loans to various governmental agencies, such series of Bonds to be known as Kentucky Infrastructure Authority Revenue Bonds with the appropriate Series designation; and

WHEREAS, the Authority wishes to establish terms and conditions on said Fund F loans prior to the issuance of Authority Revenue Bonds and recognizes that additional planning and design of the financed projects are required.

NOW, THEREFORE, THE KENTUCKY INFRASTRUCTURE AUTHORITY, ACTING BY AND THROUGH ITS BOARD OF DIRECTORS AS ITS DULY AUTHORIZED AND EMPOWERED GOVERNING BODY, DOES HEREBY RESOLVE AND ORDER, AS FOLLOWS:

Section 1. All statements of fact set forth in the preambles to this Resolution and Order are incorporated herein by reference, the same as if set forth verbatim. All such statements of fact are hereby declared to be true and accurate in all material respects.

Such amounts are subject to

adjustment by further action of the Authority or may be adjusted by action of the Executive Director at the time of the issuance of bonds based on adjustment in project costs of not more than (10%) ten percent of the loan amount authorized by this resolution. Upon satisfaction of all conditions of the commitment, execution of an assistance agreement for this loan is authorized.

Section 3. Principal forgiveness of 50% of the assistance amount, not to exceed \$135,000 will be credited to the loan balance upon release of liens on all contracts and disbursement of the final draw request by KIA to the borrower. The unforgiven principal balance of \$135,000 shall be repaid.

Section 4. The unforgiven principal shall be repayable over 30 years at an interest rate of 0.25%. I. PROJECT DESCRIPTION

The McCreary County Water District ("District") is requesting a Fund F loan in the amount of \$270,000 for the Catron/Needle Road Water Line project. This project will install 6,550 linear feet of 3-inch water line that will provide a safe and reliable source of potable water to nine unserved customers. If available, any remaining funds will extend approximately 2,500 linear feet of 3-inch water line along KY 896 (Noah Dock Road) to serve additional customers.

The District currently serves approximately 5,900 retail water customers and 1,100 sewer customers in McCreary County and provide wholesale water to the Whitley County Water District and the City of Onieda in Tennessee. Both McCreary and Whitley County Water Districts are under the Public Service Commission jurisdiction ("PSC") and subject to PSC rate regulations. The District had not sold any water to Onieda in the past 3 years due to the need basis agreement but may resume sales in 2021 to supply water for Onieda's source water project.

VIII. 2020 CAPITALIZATION GRANT EQUIVALENCIES

Additional Subsidization – This project qualifies for additional subsidization. Principal forgiveness of 50% of the assistance amount, not to exceed \$135,000 will be credited to the loan balance upon release of liens on all contracts and disbursement of the final draw request by KIA to the borrower.

IX. FINANCIAL ANALYSIS

Financial information was obtained from the audited financial statements for the years ended December 31, 2017 through December 31, 2019. The non-cash impacts of GASB 68 – Accounting and Financial Reporting for Pensions and GASB 75 – Other Postemployment Benefit have been removed from the operating expenses. Percentage references in the History section below are based on whole dollar amounts and not the rounded amounts presented.

HISTORY

Combined water and sewer revenues increased 6.7% from \$4.18 million in 2017 to \$4.46 million in 2019 due to previously approved rate increases while operating expenses decreased 0.5% from \$3.92 million to \$3.90 million during the same period. The debt coverage ratios were 1.0, 0.8, and 1.0 in the three respective audit years.

The balance sheet reflects a current ratio of 0.8, a debt to equity ratio of 0.7, 31.4 days of sales in accounts receivable, and 0.8 month of operating expenses in unrestricted cash.

PROJECTIONS

Projections are based on the following assumptions:

- 1) Water rates will increase 5.6% as previously approved in 2020 and 12.1% pending PSC approval in 2021.
- 2) Sewer revenues will increase 17.5% as previously approved in 2020.
- 3) This project will add 9 new customers to the District's water services.
- 4) Based on a 2020 up-to-dated Profit & Loss report provided by the District that demonstrates significantly improved financial performance compared with 2019, KIA will apply only 1% annual inflationary increase to the operating expenses.
- 5) Debt service coverage is 1.1 in 2022 when first principal repayment for this requested loan is anticipated.

Based on the pro forma assumptions, the utility shows adequate cash flow to repay the KIA Fund A loan.

REPLACEMENT RESERVE

The replacement reserve will be 5% (\$14,000 total) of the final amount borrowed prior to principal forgiveness to be funded annually (\$700 yearly) each December 1 for 20 years and maintained for the life of the loan.

XII. RECOMMENDATIONS

KIA staff recommends approval of the loan with the standard conditions and the following special conditions as required by the PSC:

- 1) The District shall apply to the Public Service Commission (PSC), pursuant to KRS 278.300, for debt authorization for KIA loan F21-025 in the amount of \$135,000. This debt authorization application should include a financial forecast that meets debt service projected through 2025.
- 2) Prior to execution of the assistance agreement, the District must receive a Certificate of Public Convenience and Necessity, pursuant to KRS 278.020, from the PSC for any portion of the project that may require it, or provide an opinion from legal counsel or the staff of the PSC, or a declaratory order from the PSC, that a CPCN is not required for any portion of the assets to be constructed as part of the loan agreement.

WHEREAS, the Kentucky Infrastructure Authority (the "Authority") has been duly created as a body corporate and politic constituting a public corporation and a governmental agency of the Commonwealth of Kentucky pursuant to Chapter 224A of the Kentucky Revised Statutes (the "Act"); and

WHEREAS, pursuant to the Act, the Authority is duly and legally authorized to make loans to Governmental Agencies for the purpose of providing funds for the construction and acquisition of sanitary sewer facilities, water facilities or other types of infrastructure, and in that regard, to enter into Assistance Agreements with such Governmental Agencies governing the provisions in respect of which such loans are to be made, the amounts thereof and the repayment provisions in respect thereto; and

WHEREAS, the Authority anticipates entering into an Assistance Agreement for a loan from the Authority's Federally Assisted Drinking Water Revolving Loan Program (Fund F) with the City of Hazard, subject to final determination of amount when the factors involving such financing have been determined; and

WHEREAS, the Authority will, in the near future, authorize and issue a series of Infrastructure Authority Revenue Bonds for the purpose of funding loans to various governmental agencies, such series of Bonds to be known as Kentucky Infrastructure Authority Revenue Bonds with the appropriate Series designation; and

WHEREAS, the Authority wishes to establish terms and conditions on said Fund F loans prior to the issuance of Authority Revenue Bonds and recognizes that additional planning and design of the financed projects are required.

NOW, THEREFORE, THE KENTUCKY INFRASTRUCTURE AUTHORITY, ACTING BY AND THROUGH ITS BOARD OF DIRECTORS AS ITS DULY AUTHORIZED AND EMPOWERED GOVERNING BODY, DOES HEREBY RESOLVE AND ORDER, AS FOLLOWS:

Section 1. All statements of fact set forth in the preambles to this Resolution and Order are incorporated herein by reference, the same as if set forth verbatim. All such statements of fact are hereby declared to be true and accurate in all material respects.

Section 2. The Authority hereby authorizes the issuance of a conditional Federally Assisted Drinking Water Revolving Fund loan for an amount up to \$1,637,500 of project expense including capitalized interest for the construction period, to the City of Hazard for the Phase 4 – Emergency Tank Replacement project. Such amounts are subject to

adjustment by further action of the Authority or may be adjusted by action of the Executive Director at the time of the issuance of bonds based on adjustment in project costs of not more than (10%) ten percent of the loan amount authorized by this resolution. Upon satisfaction of all conditions of the commitment, execution of an assistance agreement for this loan is authorized.

Section 3. Principal forgiveness of 50% of the assistance amount, not to exceed \$432,637 will be credited to the loan balance upon release of liens on all contracts and disbursement of the final draw request by KIA to the borrower. The unforgiven principal balance of \$1,204,863 shall be repaid.

Section 4. The unforgiven principal shall be repayable over 30 years at an interest rate of 0.25%. In addition to debt service, a 0.25% annual administration fee on the unpaid, unforgiven principal balance will be charged. From annual revenues, \$4,100 must be set aside in a borrower held replacement reserve each December 1 until the balance reaches \$82,000 and maintained for the life of the loan. These terms are subject to adjustment upon execution of the loan agreement, upon changes in the project conditions or determination that the project will require authority financing to be done on a taxable basis.

Section 5. This Resolution and Order shall be in full force and effect from and after its adoption at a properly held meeting of the Kentucky Infrastructure Authority this 5th day of November, 2020.

BRIEF DESCRIPTION The City of Hazard ("City") is requesting a Fund F loan in the amount of \$1,637,500 for the Emergency Tank Replacement project. This project will replace the Liberty Street tank. This project will construct two 1,000,000 gallon ground storage tanks at the existing location. The existing will be demolished upon completion of the new tank. The project will include telemetry. Currently, the existing 2,000,000 million gallon tank feeds the entire Hazard system from the plant, when the tank has issues or needs maintenance, the system must be taken offline. By constructing two 1,000,000 million gallon tanks the City will be able to leave one tank in operation when issues arise or maintenance is necessary and therefore not have to take the system offline. The project will also include two VFD's at the plant. Governor Andy Beshear issued an emergency declaration due to the results of a tank inspection dated August 14, 2020 that deemed the tank unsafe and needed to be taken out of service. Currently the City of Hazard serves 9,000 residential and over 750 commercial customers.

VIII. 2020 CAPITALIZATION GRANT EQUIVALENCIES

- 1) Green Project Reserve - The Drinking Water capitalization grant does not contain a "green" requirement.
- 2) Additional Subsidization – This project qualifies for additional subsidization. Principal forgiveness of 50% of the assistance amount, not to exceed \$432,637 will be credited to the loan balance upon release of liens on all contracts and disbursement of the final draw request by KIA to the borrower.

IX. FINANCIAL ANALYSIS

Financial information was obtained from the audited financial statements for the years ended June 30, 2017 through June 30, 2019. The non-cash impacts of GASB 68 – Accounting and Financial Reporting for Pensions and GASB 75 – Accounting and Financial Reporting for Other Postemployment Benefit have been removed from the operating expenses. Percentage references in the History section below are based on whole dollar amounts and not the rounded amounts presented.

HISTORY

Total revenues have increased 3.5% from \$5.00 million in 2017 to \$5.18 million in 2019. Water revenues increased 6.5% from \$3.47 million in 2017 to \$3.69 million in 2019, and sewer revenues declined 6.0% from \$1.52 million in 2017 to \$1.43 million during the same time period. Total operating expenses increased 8.8% from \$4.63 million in 2017 to \$5.05 million in 2019.

The 2019 balance sheet reflects a current ratio of 2.0, a debt to equity ratio of 0.4, 66.1 days of sales in accounts receivable, and 0.2 months operating expenses in unrestricted cash.

PROJECTIONS

Projections are based on the following assumptions:

- 1) The 2020 projections reflect 45.9% rate increase for in city water and 33.1% rate increase for out of city water that was made effective by ordinance 11/1/2019. Although revenues are projected flat after 2020, the City of Hazard does now have in place a CPI adjustment annually.
- 2) Expenses are projected to rise 2% annually.
- 3) Debt service coverage is 2.0 in 2023 when principal and interest repayments begin.

Based on the pro forma assumptions, the City of Hazard shows adequate cash flow to repay the KIA Fund F loan.

REPLACEMENT RESERVE

The replacement reserve will be 5% (\$82,000 total) of the final amount borrowed (prior to principal forgiveness, if any) to be funded annually (\$4,100 yearly) each December 1 for 20 years and maintained for the life of the loan.

X. DEBT OBLIGATIONS

	Outstanding	Maturity
Series 2000A Water Revenue Bonds	\$ 927,000	0
Series 2000B Water Revenue Bonds	558,500	0
Series 2009	1,387,000	0
Series 2014A	2,118,500	0
Series 2014B	365,800	0
KIA A15-096 Sewer Loan	919,515	0
TFC Equipment Finance	14,052	0
Rural Utility Service	361,000	0
Cat Financial (Water Fund)	22,624	0
KIA B19-010 i.a.o. \$596,000	0	TBD
Total	\$ 6,673,991	

The debt obligations are based on the 2019 audit. In the spring of 2020 the City of Hazard has refinanced the Series 2000A, Series 2000B, Series 2009 and Rural Utility Service loans into one with Kentucky Bond Corporation with about a 1% interest rate. They additionally fully paid both the TFC Equipment Finance loan and the Cat Financial loan. These changes will further increase their debt coverage ratio in the projected years. These changes have not been reflected in the projections, but will make the financial position that much more favorable going forward.

**A RESOLUTION OF THE KENTUCKY INFRASTRUCTURE AUTHORITY
AUTHORIZING AND APPROVING THE ISSUANCE OF OBLIGATIONS OF
THE KENTUCKY INFRASTRUCTURE AUTHORITY TO REIMBURSE
CAPITAL EXPENDITURES MADE BY GOVERNMENTAL AGENCIES
PURSUANT TO LOANS MADE BY THE KENTUCKY INFRASTRUCTURE
AUTHORITY TO SUCH GOVERNMENTAL AGENCIES**

WHEREAS, the Board of Directors of the Kentucky Infrastructure Authority (the "Authority") has heretofore approved the undertaking of the projects described in further detail in Exhibit A (collectively, the "Project"); and

WHEREAS, the Authority anticipates making loans to governmental agencies pursuant to the provisions of Chapter 224A of the Kentucky Revised Statutes (the "Act") for the Project and the governmental agencies may be expected to pay and/or incur costs with respect to the Project ("Prior Capital Expenditures") on or after the date of this resolution and prior to the issuance of the obligations (the "Obligations") which will finance the Project.

NOW, THEREFORE BE IT RESOLVED by the Board of Directors of the Kentucky Infrastructure Authority as follows:

Section 1. The Board of Directors hereby approves the use of the Obligations to finance the costs of the Project in the maximum principal amount set forth in Exhibit A plus costs of issuance related thereto and amounts required to fund a debt service reserve, if any, and declares its intent that any Prior Capital Expenditures made by the governmental agencies pursuant to loans made by the Authority will be made in anticipation of the issuance of such Obligations to reimburse said Prior Capital Expenditures. This declaration is made pursuant to Treas. Reg. §1.150-2.

Section 2. The Executive Director and Treasurer of the Authority are hereby authorized and directed to reimburse, not later than eighteen months after the later of (i) the date of the expenditure or (ii) the date the item was placed in service, but in any event not later than three years after the original expenditure, only those Prior Capital Expenditures made with respect to assets having a reasonably expected economic life of at least one year, and in addition, eligible preliminary expenditures paid and incurred prior to commencement of the Project.

Section 3. The Authority finds and determines that, consistent with the Authority's budgetary and financial circumstances, it does not have funds currently available and does not expect to have funds available in the future that may be allocated on a long-term basis, other than the proceeds of the Obligations, to finance the Prior Capital Expenditures.

Section 4. The Authority hereby directs the Executive Director, Secretary, and Treasurer to take the following action at the time the Prior Capital Expenditures are reimbursed from proceeds of the Obligations: (i) evidence the reimbursement on the books and records maintained with respect to the Obligations, and (ii) identify either the actual prior expenditure to be reimbursed or, in the case of reimbursement of a fund or account, the fund or account from which the expenditure was paid.

Section 5. The books, records and proceedings of the Authority with respect to this resolution shall be made reasonably available by the Authority for its inspection by the general public at the Authority's administrative office every business day during normal business hours commencing no later than 30 days after the passage of this resolution. Said books, record and proceedings of the Authority with respect to this resolution will continue to be reasonably available to the general public until the date of issuance of the Obligations.

Section 6. This Resolution shall be in full force and effect from and after its adoption. Passed and adopted this 5th day of November, 2020.
